NEOLUX

LUXURY ACRYLIC BOARDS

German Engineering

DISCOVER OUR LEGACY

Engineering European Precision for Modern Interiors

18+ years of global leadership translating high-gloss clarity and sustainable surface technology into architectural reality.

100%
European Hot-Melt PUR
Zero solvent emissions and permanent cross-linked bonding.

THE NEOLUX STORY

A Vision for Engineered Perfection

Neolux is a premier manufacturer of high-performance decorative and engineered surface solutions developed to meet the functional, aesthetic, and durability requirements of contemporary architecture and interior design.

Over the years, we have continuously invested in advanced European lamination technology, expanding our product portfolio from high-gloss acrylic panels to sustainable PET-G eco-surfaces, optical Crysto boards, and synchronized textured ply.

18+ Years Global Experience
Decades of international formulation knowledge in acrylic chemistry and PUR hot-melt adhesion.

Next-Generation Facility
Fully temperature-controlled flat lamination lines with automated dust-free PUR application.

NEOLUX R Series

Experience the fine living

Introducing NEOLUX R Series, the premium laminate that brings the vibrant essence of tropical beauty into your home. Available in both gloss and matt finishes, NEOLUX R Series, offers a luxurious appearance that enhances furniture fronts and surfaces. Inspired by the fresh, exotic flavors of coastal landscapes, NEOLUX R Series, delivers exceptional color quality, depth, and brilliance.
It is the perfect choice for creating sophisticated furniture pieces that truly stand out. It's versatility and superior surface quality make it ideal for contemporary living spaces, ensuring a flawless look that aligns with the latest trends in furniture and interior design.

Why choose NEOLUX ?

- Scratch-resistant
- Vibrant, Long-Lasting Color
- Easy Maintenance
- Chemical resistance
- Safer product / Low VOC emissions
- Eco-Friendly
- Easy Processing
- UV-resistant

NEOLUX S Series

Designed for Refined Living

The latest Generation of NEOLUX S Series combines exceptional visual depth with enhanced surface performance. Its advanced scratch-resistant coating delivers a brilliant, deep-gloss appearance across the entire colour range, including sophisticated metallic and Matt finishes.
A major investment in a state-of-the-art extrusion line with integrated in-line coating technology has enabled to achieve this exceptional surface effect while maintaining consistently high quality.

To ensure consistent premium quality, NEOLUX S Series is manufactured under clean-room conditions, ensuring excellent surface purity and consistency.

Why choose NEOLUX ?

- Scratch-resistant
- Vibrant, Long-Lasting Color
- Easy Maintenance
- Chemical resistance
- Safer product / Low VOC emissions
- Eco-Friendly
- Easy Processing
- UV-resistant

NEOLUX ACRYLIC PRE-LAM PANELS

European Engineering. Premium Finish. Exceptional Performance.

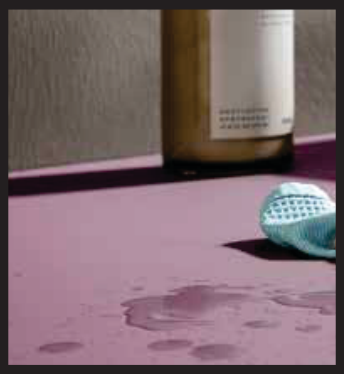

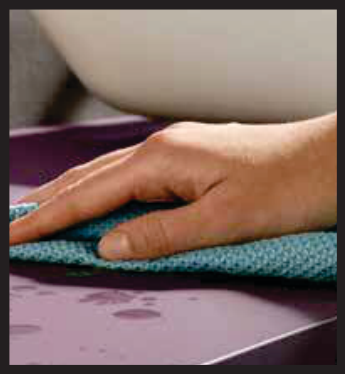

Experience the next generation of luxury surfaces with **NEOLUX** Acrylic Pre-Lam Panels.

Designed for modern kitchens, wardrobes, furniture and architectural interiors, **NEOLUX** delivers exceptional optical clarity, durability and long-lasting surface performance.

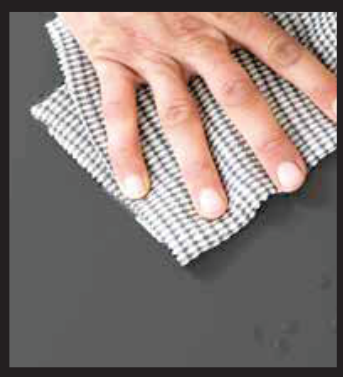

Do’s & Don’ts for Lasting Beauty

Regular Cleaning
Maintain the sparkle of your surface with a soft, damp cloth. For tougher marks, a gentle soap solution works best. Avoid harsh chemicals or rough cleaners.

Prevent Stains and Damage
Act quickly on spills to keep surfaces pristine. Never let hot objects touch the laminate directly.

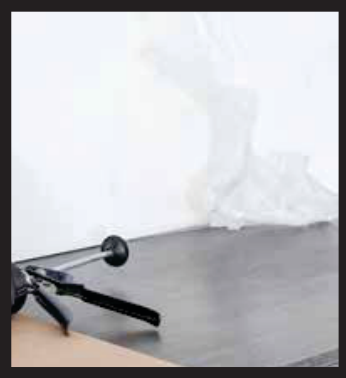

Sunlight Protection
Protect your surface from prolonged direct sunlight to preserve its rich color and flawless finish.

Protective Film
The protective film is your first line of defense; remove it only after installation or any ongoing work is completely finished.
